Centre Ground Rules

- Ground Rules have been developed and are reviewed by the members in conjunction with staff and agreed by the Trustee Committee.
- In agreeing the Ground Rules ALL MEMBERS are expected to obey and supervise the implementation of the rules.
- When rules are broken by members the STAFF or in their absence Volunteers Support Workers are responsible for ANY action to be taken.
- Action will be taken by STAFF having considered ALL aspects of the situation in the best interests of members and the running of the Centre.
- Each specific incident will be dealt with individually, but where a pattern of behaviour has occurred previous incidents may have to be taken into account, where disciplinary action needs to be taken.
